## X-Waiver Highlight

WISAM's 2020 Buprenorphine X-Waiver Training Series was very successful having trained over 340 eligible prescribers! We appreciate and want to highlight all of our faculty presenters from this year. WISAM started the year having hosted one in-person training and quickly made the switch to hosting virtually once the pandemic was here, as it's imperative that we offer this training to our members and others in the state. We look forward to continuing to offer you educational opportunities in 2021 - stay tuned!
